Re: MB Docket No. 13-249, "In the Matter of Revitalization of the AM Radio Service"

Dear Mr. Chairman,

WTAM 1100 is the AM Flagship station for the Cleveland Cavaliers, airing not only our games but also airing informative and entertaining local pre-game and post-game shows for Cleveland Cavaliers broadcasts. This station is our partner and helps us reach our fan base in and around, and indeed beyond, the Cleveland metropolitan area and the Ohio state lines.

As such, we are extremely worried to hear that the FCC is moving to adopt harmful, new rules that would cause immediate interference to WTAM's strong signal. This unnecessary interference will undoubtedly deny thousands of our fans access to the games they tune in to hear on the free, over-the-air Class A station, WTAM.

I urge the FCC to think of our fans - WTAM's longtime listeners - and stop this proposal in its tracks.

Respectfully,

Kerry Bubolz  
President, Business Operations  
Cleveland Cavaliers
